RESUMPTION OF MUNICIPAL OPERATIONS FOLLOWING UNREST

As of Monday 19 July 2021, all operations will resume in all departments within uMngeni Municipality.

As the Municipality recommences operations following the civil unrest and devastation to infrastructure in some parts of our municipal area, it is important to note that municipal operations continued, however were disrupted and brought to a standstill owing to the unrest which forced the Municipality to not operate optimally.

As the Municipality we must rise from the debris of this past week and commence with performing our duties. As we all return to work we must remember to adhere to all Covid-19 regulations. Observing the regulations ensures that both employees and the public are safeguarded against Covid-19.

Kind regards.
